ABOUT ME

An ambitious and passionate programmer with a strong interest in developing innovative solutions. Proficient in JavaScript and React, with a particular focus on code optimization and building sustainable applications. Despite being young, I am committed to continuous learning and personal growth, with a life approach grounded in balancing professional success and physical well-being.

WORK EXPERIENCE

KONZUM plus d.o.o. – Zagreb, Croatia

City: Zagreb | **Country:** Croatia

- preparation of the same for the welder

Brodbot j.d.o.o – Slavonski Brod, Croatia

City: Slavonski Brod | **Country:** Croatia

CAD designer

[24/06/2020 – 07/07/2020]

- development of main and executive projects
- preparation, creation and technical development of 2D drawings (plans, sections, detailed views) and visualization of 3D models
- drawing in CAD and similar programs
- coordination in the project team and with collaborators on the project
- respect and adherence to internal guidelines, dynamite projects and set budgets
- checking and complying with spatial planning conditions, applicable laws, ordinances and regulations

 **Simpert j.d.o.o.** – Slavonski Brod, Croatia

City: Slavonski Brod | Country: Croatia

CAD designer

[08/07/2020 – 29/09/2020]

- independent use of various 3D technologies for modeling and development of new projects
- using technical drawings or production models to create "light" models that meet "form, fit and function" requirements
- monitoring and reporting on the progress of tasks
- cooperation with other departments/organizational units
- work with clients
- mentoring younger colleagues

 **Helioz Technologies d.o.o.** – Slavonski Brod, Croatia

City: Slavonski Brod | Country: Croatia

CAD designer

[09/08/2021 – 07/2023]

- independent use of various 3D technologies for modeling and development of new projects
- using technical drawings or production models to create "light" models that meet "form, fit and function" requirements
- monitoring and reporting on the progress of tasks
- cooperation with other departments/organizational units
- work with clients
- mentoring younger colleagues

 **Helioz Technologies d.o.o.** – Slavonski Brod, Croatia

City: Slavonski Brod | Country: Croatia

Junior frontend developer

[07/2023 – Current]

- Developed basic responsive web applications using HTML5, CSS3 and JavaScript.
- Work on the implementation of static pages and dynamic content with a focus on accessibility and optimization for different devices.
- Inclusion of basic animations and interactive elements using JavaScript to improve the user experience.
- Team collaboration for testing applications and debugging codes in different browsers.
- Developed modern, responsive web applications using the React library, integrating components and state management.
- Implementation of TailwindCSS for fast and flexible styling of applications with an emphasis on minimalism and loading speed.
- Using Vite tool to quickly build and optimize applications, reduce compilation time and improve productivity.
- Development and maintenance of functionality within applications, including data entry formats, validation and API integrations.
- Used TypeScript to improve code safety and scalability, and Redux for managing more complex application state
- Collaboration with the backend team on RESTful API integration and application performance optimization.
- Use of code versioning (Git) for team collaboration and tracking changes in projects.

BUSINESS SKILLS

[Current]

Business skills

- Familiar with installing Windows, software, applications and antivirus
- Ability to manage multiple tasks to solve problems
- The possibility of learning the desired job
- Performing assigned work responsibly and conscientiously
- Web development (HTML5, CSS, TailwindCSS, React.js, JavaScript, TypeScript, Redux)

SKILLS

MS Office (Word Excel PowerPoint) / Internet / Windows / work on computer / >Teamwork / Good understanding of CAD tools (AutoCad, Onshape, SolidWorks, Autodesk Inventor) / Web technologies (HTML, JavaScript, CSS), Web components / Advanced knowledge of JavaScript / Advanced knowledge of React

LANGUAGE SKILLS

Mother tongue(s): Croatian

Other language(s):

English

LISTENING B2 READING B1 WRITING B1

SPOKEN PRODUCTION B1 SPOKEN INTERACTION B1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

EDUCATION AND TRAINING

Computer technician

Tehnička škola Slavonski Brod [31/08/2014 – 14/06/2018]

Address: Eugena Kumičića 55, 35000 Slavonski Brod (Croatia) | **Website:** www.tssb.hr

- servisiranje računala
- učenje programa MS Office-a
- rad sa električnim elementima i komponentama
- upoznavanje rada električnih komponenata i elemenata

Front-end developer

Pučko otvoreno učilište Brod [17/03/2025 – 29/08/2025]

City: Slavonski Brod | **Country:** Croatia | **Website:** <https://uciliste-brod.hr/> | **Field(s) of study:** Information and Communication Technologies: ● Software and applications development and analysis

- Basics of using HTML for structuring and marking up web page content
- Basics of using CSS for styling web pages
- Fundamentals of web accessibility
- Advanced use of CSS for web page design and layout
- Basics of JavaScript programming
- Advanced use of JavaScript programming
- Use of JavaScript for building web user interfaces
- Basics of using Git for source code version control
- Use of React for developing web applications

React - The Complete Guide 2025 (incl. Next.js, Redux)

Academind by Maximilian Schwarzmüller [22/10/2025]

City: Slavonski Brod | Country: Croatia | Website: www.udemy.com | Field(s) of study: Information and Communication Technologies • Software and applications development and analysis

- Building React applications from scratch using functional components and React Hooks
- Managing complex application state using Context API and Redux
- Creating fullstack applications using Next.js 14+
- Implementing routing and data fetching using React Router and Next.js features
- Connecting frontend to backend via HTTP requests
- Implementing user authentication in React applications
- Writing unit tests for React components
- Working in both local and cloud-based development environments

DRIVING LICENCE

Driving Licence: AM

Driving Licence: B

ORGANISATIONAL SKILLS

Organizational skills

- Ready to organize and lead group work
- The possibility of self-motivation with good judgments

COMMUNICATION AND INTERPERSONAL SKILLS

Communication and interpersonal skills

- Very communicative and eager to learn from areas I am not very familiar with
- I like teamwork
- Sociable and kind
